

DATA SHEET

MOTORISED ELECTRIC BASCULATING SARTEN WITH SCRAPER SBE200A

Round and conical pan designed for food preparation and discharge into carts via a motorized tilting system that maintains a constant discharge opening height. It features a double bottom containing thermal oil and an inner kettle that is easy to clean, equipped with a removable stirrer whose blades scrape the walls to prevent product adhesion and facilitate cleaning. Additionally, it has double-sided full thermal insulation coating, contributing to significant energy savings.

TECHNICAL SPECIFICATIONS:

- Made of satin-finished AISI304 stainless steel.
- Kettle made of double-walled stainless steel.
- Heating through stainless steel armored electric resistances, immersed in thermal oil.
- Three operating modes: continuous rotation in the same direction, rotation with pause, reverse rotation, and automatic positioning of the kettle for discharge.
- Stirring paddle with Teflon scrapers, removable for easy cleaning.
- Complete control panel including emergency stop and electronic board.
- Variable speed drive.
- Built according to CE standards.
- Temperature range from 50°C to 180°C.
- Overpressure safety valve.
- Recipe book in PLC with programmable touchscreen.
- Capability to generate process data reports for sanitary control (Industry 4.0).
- Filling and cleaning tap (optional).
- Drain tap (optional).

MODEL: SBE200A

DIMENSIONS: LARGO 1914mm. / ANCHO 1443 mm. / ALTO 1223 mm.

RESISTANCE POWER: 24 KW

MOTOR POWER: 1,1 Kw.

TOTAL POWER: 25,1 Kw

CAPACITY: 200 L.

VOLTAJE: 380/400V III.

DIMENSIONES

VISTA FRONTAL

VISTA LATERAL

VISTA PLANTA

VISTA ISOMÉTRICA

PESO APROX. 328 Kg.
CONEXIÓN ELÉCTRICA: 380/400
