

DATA SHEET

MOTORISED GAS POT WITH SCRAPER

SBG100A-GAS

Round and conical tilting pan designed for food preparation and discharge into carts through a motorized tilting system that maintains a constant outlet height. It features a double bottom containing thermal oil and an easy-to-clean inner tank equipped with a removable stirrer whose blades scrape the walls to prevent product adhesion and facilitate subsequent cleaning. Additionally, it has double-sided thermal insulation, which contributes to significant energy savings.

TECHNICAL SPECIFICATIONS:

- Made of satin-finished AISI 304 stainless steel.
- Double-walled stainless steel kettle.
- Heating by stainless steel sheathed electric resistances, immersed in thermal oil.
- Three operating modes: continuous rotation in the same direction, rotation with pause, reverse rotation, and automatic bowl positioning for discharge.
- Removable stirring paddle with Teflon scrapers for easy cleaning.
- Complete control panel including emergency stop and electronic board.
- Variable speed drive.
- Built in compliance with CE standards.
- Operating temperature range: 50°C to 180°C.
- Overpressure safety valve.
- Recipe book integrated in PLC with programmable touchscreen.
- Option to generate process data logs for sanitary control (Industry 4.0).
- Filling and cleaning tap (optional).
- Drain tap (optional).

MODEL: SBG100A-GAS

DIMENSIONES: LENGT 1514 mm. / WIDTH 1143 mm. / HEIGHT 1223 mm.

BURNER POWER: 12 KW.

MOTOR POWER: 1,1 Kw.

TOTAL POWER: 13,1 Kw.

CAPACITY: 100 L.

VOLTAJE: 380/400V III.

DIMENSIONES

PESO APROX. 247 Kg.
CONEXIÓN ELÉCTRICA: 380/400
